

Inauguration of new factory

Based on our wide knowhow and modern production technology, ErgoFloor Vietnam Rubber Ltd. has achieved a position as a leading manufacturer of floorings and surfaces produced from recycled rubber and has experienced a substantial growth since the startup in 2012. The growth has now been so large that it has been necessary to move to a larger and brand new factory building.

All business partners, employees and friends are hereby invited to celebrate this major milestone for ErgoFloor Vietnam Rubber Ltd. at the official inauguration of the new factory building.

Time: Wednesday the 25.01.2017 at 13:00.
